

## BREAST CAP CUTTER

# Effortless precision, no support needed

- ✓ Cuts are 99% accurate, within 5 mm of fat rim
- ✓ Very short rib cuts, without impacting breast meat
- ✓ Touch-free bypass

**MEYN**®

Meyn® Breast Cap Cutter

## **An exact symmetrical cut** to maximize valuable breast meat

The Breast cap cutter makes an exact symmetrical cut to maximize valuable breast meat on the cap, leaving minimal bone contamination from rib splinters inside untrimmed fillets.

The module cuts ribs at various lengths. An optional transfer wheel guides breast caps from the module and positions them onto a conveyor. Caps are forwarded to a weighing belt, requiring no manual labor or mechanical support.

# What's your **next move?**

## **Meyn® Consultancy & Audits**

- Enhance your operational efficiency
- Expand your production capabilities
- Identify new market opportunities

## **Meyn® Academy**

- Safeguard investments and enhance profitability
- Specific system and machine training
- Customer specific training options

## **Meyn® demo's**

- Products, services and insights
- Tailormade demo's based on your needs
- Available online in multiple languages

## Secure **business continuity**

Meyn Services provides comprehensive support to optimize the performance and reliability of Meyn equipment.

With a strong emphasis on global reach and local presence, Meyn offers various services to ensure customer satisfaction and operational efficiency.

### **Technical Support**

- ✓ Global assistance
- ✓ Corrective and preventive services
- ✓ 24/7 Helpdesk

### **Maintenance**

- ✓ Tailored maintenance
- ✓ Updates and inspections
- ✓ Machine maintenance

### **Parts**

- ✓ OEM replacement parts
- ✓ Always available
- ✓ eProcurement portal
